Negotiations have opened for the 2015-2016 school year. The team met with the district on September 10, 2015.

- MBTA proposed embedding language into the Health and Welfare Article to help offset the rising cost of health insurance.
- MBTA proposed a new hourly rate
- Continued discussion to PAR in Article XXI: Peer Assistant Review

We are currently working on our Sunshine proposal for the current school year. At this point, no new negotiations are scheduled.
